Profile

Credentialed and experienced pilot with 3k+ hours of flight time seeking a full-time position as an airline pilot for Southwest Airlines in which I can leverage my knowledge of flight safety and emergency response to ensure the safety of passengers and crew.

Experience

Commercial Airline Pilot - Company / Location

MONTH YEAR - Present

- **Job Description:** Served as a pilot in command for commercial airline flights, creating flight plans and operating Boeing planes 747-400.
- **Outcomes:** Flew 1,500 hours, accrued 840 nights and 1,500 hours as Pilot in Command, minimized delays by 32%.
- **Additional Capabilities:** Conducted pre-flight inspections and collaborated with the first officer to develop emergency response plans.
- **Other:** Accrued 570 cross-country flight hours, 800 second-in-command hours, and 200 hours in poor weather conditions.

Commercial Airline Pilot - Company / Location

MONTH YEAR – MONTH YEAR

- **Job Description:** Served as second in command, providing flight and navigation support to the Pilot-in-Command.
- **Outcomes:** Flew 1,700 hours, accrued 420 nights and 1,200 cross-country hours, and minimized delays by 25%.
- **Additional Capabilities:** Adjusted flight map to account for poor weather conditions and unexpected delays, coordinated with PiC to ensure the safety of passengers, and monitored compliance with federal regulations.
- **Other:** Performed safety inspections and interfaced with ground teams to develop adjusted flight plans.

Project Experience

- **Flight Plans:** Created over 2,000 detailed flight plans, adjusting and improving for poor weather conditions and other unexpected delays.
- **Volunteer Mentor:** Volunteered as a mentor for disadvantaged youth at a shelter in Bakersfield, California.
- **Engineering:** Assisted with minor projects on various plans, including Boeing planes 747-400.
