Experience

Nursing Assistant - Hawaii State Hospital/ Location

MONTH YEAR - Present

- Routinely worked the night shift and adapted to several duty placements. I have also assisted in 8 to 16-hour rotations.
- Supported patients and provided them with flexible care regarding their hair, clothing, and personalized options.
- Helped registered nurses in measuring and recording patients' vital signs. I assisted with interpreting lab results and creating individualized treatment plans.
- Guided patients to the communal dining area and monitored caloric intake. Made sure the food was nutritious and catered to their dietary requirements.
- Kept track of bedridden patients by repositioning them periodically to avoid bedsores.

Certified Nursing Assistant - Queen Medical Center/ Location

MONTH YEAR – MONTH YEAR

- Communicated with six nurses to track programs such as restorative care and emotional support provision.
- Formulated spreadsheets to track supply shortages in level. Then, I informed the necessary department to restock when needed.
- I managed essential medical documents for doctors. I used an efficient filing system to prevent mishaps.
- I maintained strict sterilization procedures according to hospital standards. I prepared, wrapped, and organized the supplies on medical trays for specialists conducting surgeries.
- I assisted during the onboarding process by training three new certified nurse assistant personnel.

Project Experience

- I conducted a project during my learning experience regarding psychoactive substance use among youth.
- In a team project, we turned in a paper discussing the attitude of nurse staff toward relapse prevention among psychiatric patients.
