Experience

Certified Nursing Assistant - 3Y Hospital

Mar. 2022–Present

- Assisted an average of 12 patients per shift in their daily living activities. This includes bathing, dressing, grooming, and feeding.
- Monitored patients' vital signs and reported them to the registered nurse
- Collaborated with the registered nurse to create individualized care plans for each patient
- Maintained accurate information about the patient's activities and mental health then delivered it to the healthcare team
- Adhered to HIPAA standards in all interactions with patients

Certified Nursing Assistant - SS Healthcare

Aug. 2021–Feb. 2022

- Aided patients in navigating the healthcare property, pulling their beds and wheelchairs carefully
- Administering medications to patients as prescribed, ensuring the correct dosage and schedule are followed
- Assisted patients in their daily life activities and helped them maintain healthy night and morning routines
- Monitored any change in patients' behavior and reported it to the healthcare team
- Established strong connections with patients to put them at ease when asking for a service
