## Profile

A Certified EMT with four years of professional experience handling patient care ranging from minor wounds to more serious situations looking for a position where I can utilize my skills, expand on them, and start a long-term career.

## Experience

### EMT - Company / Location

MONTH YEAR - Present

- Collaborate with other EMTs to assess patients and perform all necessary emergency medical treatments for patients.
- Ensure the transport van is fully stocked at all times and organized most efficiently for optimal patient care.
- Perform minor medical care to patients, like CPR, immobilizing when necessary, and administering medications.
- Conduct educational sessions to educate other EMTs on protocols and how to perform the job efficiently.

### Urgent Care EMT - Company / Location

MONTH YEAR – MONTH YEAR

- Work in an urgent care setting by providing medical care to patients under the supervision of a healthcare provider.
- Assist with patient transportation to and from rooms and vehicles.
- Perform basic medical care like bandaging wounds, stabilizing breaks, and providing medications when necessary.
- Take a medical history from patients to get a better health picture before giving care and reporting to the provider.

### Project Experience

- **Educate community members:** Conduct educational seminars in the community about first aid, CPR, and basic safety to prevent accidents.

## Education
