Profile

I recently graduated with a Bachelor of Social Work and over a year of working experience. I'm a dedicated professional with good communication skills, and committed to helping others. My educational background in family and children evaluation has equipped me with the skills necessary to improve the lives of children and their families.

Experience

Social Work Intern - Lucrum Health Services / New York

October 2020 - Present

- Conduct individual assessments of the local teenage population diagnosed with learning disabilities and implement psychotherapy services to the diverse population.
- Collaborate with other senior social workers to create work plans for treating over 100+ teenagers with behavioral disorders.
- Lead an after-school mentoring program for five high schools in the community to encourage the teens to have positive self-esteem and offer career guidance.
- Communicate the organization's goals and programs to our clients' parents and encourage them to use the opportunities to better their relationships with their children.
- Participate in meetings with teachers, parents, psychotherapists, social workers, and other community educational stakeholders to develop customized educational plans for children on the spectrum.

Peer Mentor - Legacy Youth Network / New York

February 2022 – September 2022

- Organized support from the local government to fund teaching programs that advocate for safe sex.
- Supported youth diagnosed with HIV by offering guidance and counseling services.
- Worked with social workers to create a safe space that informed teens where to report after experiencing bullying or abuse.
- Advised teens on what classes to take based on their strengths and assisted them by creating an after-school learning program to help those falling behind on their curriculum.
- Filed documentation and kept accurate progress records on all clients participating in programs.

Project Experience

- Took a voluntary role with local charity groups that support teenagers on the spectrum. Aided in several fund drives to raise money for odder tools to support the education of children with autism.
- Participated in several peer programs that guided teenagers seeking help in determining their future career paths. Helped over 100 students get into their preferred colleges.
