

NAME

TITLE

000-000-0000 / EMAIL / CITY, STATE, ZIP

Profile

A passionate and knowledgeable EMT with ten years of experience working as an EMT and in other aspects of patient care looking for a position where my expertise can get put to great use. I'm eager to continue working in the field I love while helping other EMTs learn and hone their skills.

Experience

Paramedic - Company / Location

MONTH YEAR - *Present*

- Perform advanced medical treatment like IV medications, reading ECGs, and pre-hospital care.
- Drive the ambulance as fast as possible to get to patients while abiding by all traffic laws.
- Collaborate with team members on the best course of action for the patient at hand.
- Conduct trauma assessments and management to see the severity of the condition and handle it while being able to communicate correctly with the hospital staff upon arrival.

EMT - Company / Location

MONTH YEAR – MONTH YEAR

- Assist with lifesaving measures like CPR and basic life support until the patient arrives at the hospital.
- Organize the rig to ensure all medications, bandages, and equipment are in the correct place to streamline care with patients.
- Work with other EMTs on the best course of action for the patient(s) at hand.
- Perform patient care like stabilizing fractures, bandaging wounds, and administering oxygen and medications.

Project Experience

- **EMT Training Courses:** Assisted with running basic EMT training courses for local individuals pursuing their certification.
