Profile

A licensed physical therapist with over a decade of experience is looking for a team environment to treat patients suffering from chronic injury and illness. Can provide patient care from intake and assessment to outpatient status to ensure they meet all goals.

Experience

Physical Therapist - City Physical Therapy Facility / Location

MONTH 2019 - Present

- Delivered physical therapy assessments and treatments to clients suffering from chronic illness
- Researched each client's background and medical history to ensure the exercises would be effective for their needs without causing harm
- Regularly note patient progress and adapt goals as necessary, ensuring they can maintain a decent quality of life during treatment
- Coordinate with other facility employees to ensure patients were getting the full scope of service needed to recover
- Adapt treatment according to patient pain levels on weekly, daily, and hourly schedules to ensure they were able to meet their goals

Physical Therapist Assistant - City Hospital / Location

MONTH 2017 – MONTH 2019

- Assessed patients during intake and created records for physical therapists
- Identified root causes of issues to help formulate effective treatment plans
- Educated patients on the background of their injury to ensure they could properly perform the prescribed exercises
- Followed up with patients periodically to ensure they met medical benchmarks, adapting treatment when necessary
- Met with outpatient clients at various locations to give them multiple ways to reach their physical therapy goals
