## Profile

To bring my film makeup artist experience to a major blockbuster.

## Experience

### Indie Film Makeup Artist - Company / Location

MONTH YEAR - Present

- Coordinated makeup looks for the cast of a small indie film, working with the wardrobe department and director to ensure the right makeup is chosen
- Hired subcontractors to help do the makeup of members of the cast whose looks need to be ready at the same time
- Scheduled the makeup artist team for initial makeup looks, touch-ups, and other changes throughout shoot days
- Organized makeup products by character, color, scene, and other factors to help save time
- Sanitized makeup brushes, products, and other supplies after each use to avoid bacterial contamination

### Student Makeup Artist - Company / Location

MONTH YEAR – MONTH YEAR

- Worked with the theater director to plan makeup looks for each character in each scene of the play
- Studied makeup and color theory under the makeup professor to learn more about how to do stage makeup
- Rendered makeup artist services to members of the cast before the dress rehearsal and performances
- Taught actors in minor roles how to do their makeup to help save time on performance days
- Cleaned makeup supplies after each use, and separated products to avoid cross-contamination

### Project Experience

- I worked with my theater professors to organize all of the stage makeup we have based on color, skin tone, and other factors.
- I implemented a new system of sanitizing makeup brushes and supplies to make cleaning more efficient.
- I added labels to all of the makeup products in my collection to make products easier to find.
