Experience

Clinical Pharmacist - Company / Location

MONTH YEAR - Present

- Job Description: Managed the clinic medication stock, provided advice about prescriptions, supervised and trained staff, and consulted and hosted meetings with pharmaceutical reps to negotiate contracts.
- Results: Consistently delivered high-quality customer service and patient care, negotiated contracts with pharmaceutical companies that benefited the GP and consumers, and adjusted automatic orders, resulting in fewer expired medications and greater monthly savings.
- Additional Competencies: Exceptional interpersonal skills and ability to empathize with patients while providing quality healthcare services, multilingual in four languages, willing to adhere to strict protocols in clinical and laboratory settings.
- Other: Earned the Most Reliable Award, Employee of the Year Award, and Most Trustworthy Award.

Pharmaceutical Lab Technician - Company / Location

MONTH YEAR – MONTH YEAR

- Job Description: Analyzed and performed accurate test results consistently and records for various samples adhering to all protocols in a laboratory setting.
- Results: 100% accurate results for every sample collected and test conducted, moving our pharmaceutical prototype into initial production stages.
- Additional Competencies: Strong negotiation skills, ability to maintain a positive attitude and inspire teamwork, trained in sensitivity and discretion.

Project Experience

- Volunteer at COVID-19 drive-through test center: Volunteered as a front-line worker administering COVID-19 tests, documenting results, and answering questions.
- Advocacy & Outreach: Spearheaded a community drug recycling program, ensuring over 200,000 pills were properly disposed of.
