Profile

Quick thinking and compassionate security guard looking to assist people who cannot protect themselves. Excited to take on a new opportunity to work in a local hospice and genuinely make a difference.

Experience

Hospital Security Guard - Company / Location

MONTH YEAR - Present

- Patrolled four hospital wings at random, reducing threats like vandalism, car break-ins, and disturbances by 24%.
- Alerted hospital staff as per protocol during emergencies and coordinated with 911 operators, including police and firefighters.
- Checked southern parking lots every two hours to identify and report unauthorized vehicles and suspicious loiterers.
- Implemented an automated security system, reducing paperwork by 29% and increasing efficiency.
- Led security briefings with colleagues every week.

Hospital Security Guard - Company / Location

MONTH YEAR – MONTH YEAR

- Drafted future security plans, improving efficiency and productivity by reducing blind spots and extending surveillance.
- Provided guard detail for at-risk patients, de-escalating over 11 potentially violent situations per week.
- Patrolled the north parking lot in the evenings, reducing car break-ins and vandalism cases.
- Coordinated and communicated remotely with four other security guards in three separate building wings.
- Reported security issues to the supervisor and manager on duty without disrupting hospital nurses.

Project Experience

- Established a new protocol to brief colleagues on the previous week's incidents before the start of the new workweek.
- Worked with management to implement a new automated security system. This system allowed us to protect patients, doctors, and nurses from potentially violent situations by rapidly identifying perpetrators.
- Established a new protocol for dealing with violent patients so they do not hurt hospital staff, visitors, patients, or themselves.
