Profile

Proin gravida nibh vel velit auctor aliquet. Proin gravida nibh vel velit auctor aliquet. Aenean sollicitudin, lorem quis bibendum auctor, nisi elit consequat ipsum, nec sagittis sem nibh id elit. Duis sed odio sit amet nibh ipsum.

Experience

Maintenance Electrician - Company / Location

MONTH YEAR - Present

- Conducted routine maintenance, inspections, and repairs on electrical equipment and systems in a chemical manufacturing facility.
- Troubleshoot and resolved electrical issues to minimize downtime and production disruptions.
- Assisted in the installation and commissioning of new electrical equipment and control systems.
- Upgraded and calibrated electrical instruments and sensors for accurate readings and process control.
- Collaborated with maintenance teams to develop preventive maintenance schedules and implement maintenance procedures.

Electrical Technician - Company / Location

MONTH YEAR – MONTH YEAR

- Supported the operation and maintenance of electrical systems in a power generation plant.
- Conducted inspections and tests on generators, switchgear, transformers, and distribution equipment.
- Assisted in the troubleshooting and repair of electrical faults to ensure continuous power generation.
- Performed calibration and maintenance of protective relays and control systems.
- Assisted in the installation and termination of high-voltage cables and conductors.

Project Experience

- Collaborated with engineers and suppliers to select and install modern electrical components and technologies while adhering to project schedules, quality standards, and safety guidelines.
- Assisted in the rewiring and replacement of old electrical equipment, ensuring proper connections and grounding. Also participated in electrical testing and commissioning to verify system integrity and performance.
- Led the retrofit and modernization of an outdated electrical system in an industrial facility. Also conducted an assessment of the existing system to identify areas for improvement and upgrade.

Education

High School Diploma - Cane Ridge High School

MONTH YEAR

- GPA: LIST
- AWARD
- AWARD

Associates Degree in Electrical Engineering - Nashville State Community College

MONTH YEAR

- GPA: LIST
- AWARD
- AWARD

Skills

Expertise

- Advanced knowledge of electrical concepts
- Experience in industrial environments
- Physical dexterity and stamina
- Positive communication skills
- Project management implementation

Licenses & Accreditations

Licenses & Accreditations

- Electrician Certification
- OSHA Certificate
- First Aid & CPR Certification
- Apprenticeship Certificate of Completion
