Profile

A passionate landscape architect with over seven years of experience planning and designing outdoor areas harmonizing with natural surroundings while focusing on implementing sustainable and eco-friendly solutions that enhance outdoor spaces' beauty, functionality, and usability. Seeking a challenging position in a reputable organization where I can apply my skills and expertise to create innovative and sustainable designs.

Experience

Senior Landscape Architect - Green Space Creators/ Houston, TX

MONTH 2017 - 2023

- Led the design and planning of diverse landscaping projects, including parks, residential areas, and campuses.
- Worked closely with urban planners and government agencies to ensure ADA compliance for community parks.
- Conducted topography and climate site analysis to inform landscape design decisions.
- Managed project cycles from initial client consultation to final execution.
- Oversaw and mentored a team of junior landscape architects to facilitate their professional growth.

Landscape Designer - Outdoor Wonders / Sugarland, TX

MONTH 2013 – MONTH 2017

- Designed and implemented over 40 residential and commercial landscape projects
- Collaborated with architects and contractors to integrate designs into project plans.
- Developed cost estimates and project timelines.
- Oversaw landscape design installations, ensuring adherence to design plans.
- Advocated for sustainable design, including native plant habitat preservation and low-impact construction.

Project Experience

- Led the design and implementation of a comprehensive revitalization plan for a 5-acre urban park in Houston.
- Incorporated sustainable design principles while balancing the need for recreational spaces, wildlife habitats, and community gathering spots.
- Completed the project within the timeline and budget.
