Profile

I am a dedicated social worker with over ten years of experience specializing in violence prevention in families and communities. I am energetic and dedicated to the social work profession, with the ability to collaborate with other members of the social work community to improve the lives of families and the community in general.

Experience

Senior Social Worker - Cook County Social Services Department / Location

April 2018 – Present

- Interview applicants who want to adopt children in Cook County to determine their suitability through verification of information provided by the prospective adoptive parents.
- Conduct independent investigations on circumstances for child removal from their home by child protective services.
- Participate in formulating laws and policies for the county's social services.
- Supervise and train groups of social workers and prioritize their case demands.
- Recognize and recommend solutions for future community problems by gathering information on repeated problems from caseworkers.

Associate Social Worker - Naperville Women's Education Legal Fund / Location

January 2011 – March 2018

- Advocated with the general assembly of Chicago and research policy protecting children's rights to education and freedom from violence.
- Helped vulnerable women and girls access help and refer them to case workers depending on their required services.
- Created educational programs to ensure a high number of girls transition from high school to college.
- Assigned resources to Naperville social workers to aid their programs' smooth running.
- Took on cases requiring crisis interventions and filed reports to create a blueprint for other social workers to handle similar cases.
