Experience

Front End Engineer - Company / Location

2021 – 2023

- Owned the engineering and maintenance of applications within our software ecosystem. Designed and architected the backend solutions while adhering faithfully to frontend mocks, providing design input where necessary.
- Continued to debug issues as they arise.
- Stayed current on Javascript best practices, libraries, and dependencies.

Front-End Engineer - Company / Location

2020-2021

- Designed and built a major front-end feature.
- Implemented a testing library and overhauled code linting practices.
- Wrote documentation for a new internal framework.

Engineering Intern - Company / Location

2019 – 2020

- Participated in discussions about engineering architecture choices.
- Did code reviews.
- Shadowed senior engineers.
