Experience

Band Teacher - Company / Location

MONTH YEAR - Present

- **Job Description:** I taught band to 30+ high school students daily. Led rehearsals after school and directed performances and special events.
- **Content:** I taught 12 students to play new instruments and helped others develop their skills and music-reading capabilities. They performed at games every Friday and special events on select weekends.
- **Results:** Three students were admitted to college on music scholarships.
- **Extracurricular Activities:** I organized and managed over 40 performances. Organized and managed school events and home games.
- **Additional Capabilities:** I learned behavioral management and began a Ph.D. program while still serving as a band teacher.

Music Therapist - Company / Location

MONTH YEAR – MONTH YEAR

- **Job Description:** I provided musical therapy at a local high school for students with behavioral needs. Taught 120 students in whole-group settings and met with over 50 private clients.
- **Content:** I taught students to process emotions through music and taught instrumentation and music theory. I managed three student bands.
- **Results:** 79% of my students graduated—15% more than the overall graduation rate at our school.
- **Extracurricular Activities:** I managed an after-school concert program and three student bands.
- **Additional Competencies:** I intervened in crises and served on the dean's committee to provide therapeutic interventions.

Project Experience

- **Professional Violinist:** I performed as an expert violinist for 12+ years in orchestras. I continue to perform for select events.
- **Music Therapy in Detention:** I provided music therapy to children in juvenile detention centers for two years.
- **Music Software:** I created a music production app in college and sold it to a major distributor.
