Profile

To find an opportunity to expand my skills and integrate my newfound knowledge in the nursing field.

Experience

Emergency Department Clinical Rotation - Company / Location

MONTH YEAR - Present

- I was there for patients and their loved ones emotionally, was clear and concise when relaying medical information, and handled emergencies professionally.
- Assessed patients' conditions, took vital signs, and prioritized those with the greatest medical urgency.
- Helped RNs with the process of ordering and analyzing diagnostic tests, including blood work, EKGs, and CAT scans.
- I aided with intubation, conducted cardiopulmonary resuscitation, cared for wounds and injuries, and gave out emergency drugs while supervised.
- Helped stabilize patients in life-threatening situations by administering oxygen, handling cardiac and respiratory crises, and reacting to trauma situations.

Child Life Volunteer - Company / Location

MONTH YEAR – MONTH YEAR

- Helped the children's department with organizational tasks to keep programming operations running smoothly.
- Supervised children in the hospital's play area while parents were meeting with the medical team.
- Sat in during procedures to help calm the children through play, books, or games.
- Held babies while parents took showers, got work done, or ran errands.
- Coordinated with team members to provide coverage for all needs on the floor, creating plans to reach all patients routinely.

Project Experience

- During my stint as a Child Life team member, I worked with other volunteers to institute monthly birthday celebrations in the children's department.
- Organized and ran a blood drive while getting my LVN degree, collaborating with community organizations and the Red Cross.
- As an LVN student, I dedicated my final project to highlighting the need for patient support in children's departments.

Education
