Experience

Orthopedic Internship - Orthopedic Specialists of Louisiana/ Shreveport, LA

MONTH YEAR - Present

- Assisted supervising physical therapists in evaluating, planning, and treating patients with orthopedic conditions.
- Conducted manual muscle testing, goniometry, and functional mobility assessments.
- Coordinated with patients and caregivers to schedule ongoing care.
- Fitted patients for braces and splints.
- Educated patients on at-home exercise safety protocols and treatment plan compliance.

Acute Inpatient Rehabilitation Internship - Shreveport Rehabilitation/ Location

MONTH YEAR – MONTH YEAR

- Documented patient health data electronically.
- Monitored post-discharge progress and adapted care plan accordingly.
- Counseled patients in the proper use of assistive prosthetics and orthotics.
- Administered therapeutic interventions to improve patient mobility, strength, balance, and functional skills for those with profound impairments.
- Prioritized patient preferences for treatment plans when possible to increase accountability and ownership for better outcomes.

Project Experience

- Research Assistant at LSU Health
- Performed data collection and analysis to evaluate the efficacy of a new therapeutic intervention for patients with lower back pain.
- Assisted in case studies with more than 200 participants to apply treatments, measure results, and compile trend data.
- Graduate Researcher at LSU Health
- Conducted a longitudinal study examining the effects of therapeutic interventions on post-stroke gait abnormalities.
- Created online infrastructure for patients to submit videos of gait progress and self-assessment scores to obtain data efficiently and without inconveniencing the patient more than necessary.
