Profile

Dedicated personal injury lawyer with a strong passion for advocating for injured individuals. Seeking a position in a reputable law firm to utilize expertise in personal injury law, litigation, and negotiation skills. Committed to securing justice and fair compensation for clients who have suffered harm due to negligence or wrongdoing.

Experience

Associate Attorney - Benny, Benji, and Benson / Location

MONTH 2021 - Present

- Represented clients in personal injury cases, including motor vehicle accidents, slip and falls, and medical malpractice claims.
- Conducted thorough investigations to gather evidence, interview witnesses, and assess the viability of potential claims.
- Drafted demand letters, pleadings, and motions, ensuring accuracy and compliance with legal standards.
- Negotiated settlements with insurance companies and opposing counsel, advocating for fair compensation for clients.
- Prepared and conducted depositions, interrogatories, and witness examinations to support litigation strategies.

Litigation Associate - Tristan’s Personal Injury Law Firm / Location

MONTH 2018 – MONTH 2021

- Assisted senior attorneys in all aspects of personal injury litigation, including case preparation, discovery, and trial support.
- Conducted legal research on complex personal injury issues, providing valuable insights for legal arguments and strategies.
- Drafted legal documents, such as complaints, answers, and discovery requests, with attention to detail and legal accuracy.
- Prepared clients for depositions and court appearances, providing guidance and support throughout the litigation process.
- Participated in settlement negotiations, mediations, and arbitrations to achieve favorable outcomes for clients.

Project Experience

- Assisted in representing a client who suffered harm due to medical negligence, conducting extensive medical record reviews and expert consultations.
- Drafted the complaint and managed the discovery process, including collecting and analyzing medical evidence.
- Worked closely with medical experts to develop a compelling case theory and effectively communicate complex medical concepts to a jury.
