Experience

Private Kindergarten Teacher - Begonia Academy for Children / Norfolk

MONTH YEAR - Present

- Utilizes the Orton Gillingham reading program to teach children reading and language skills in a modern format
- Teaches all subjects, including math, writing, history, science, and reading to children ages 4 to 6
- Plans educational and safe field trips to make the curriculum more engaging and memorable for students to foster life-long learning
- Meets monthly with parents to go over the comprehensive child assessments, learning progress, and behavioral habits to discuss possible changes in their routine
- Incorporates humor and playfulness into the most difficult lessons to keep the kids focused and ensure they have fun while they learn

Private Preschool Teacher - Golden Heart Private Christian Preschool / Location

MONTH YEAR – MONTH YEAR

- Cared for over 15 children ages 2 to 4 while helping them learn basic reading and writing skills, preparing them for a successful journey into kindergarten
- Worked with a deaf student and implemented an ASL lesson to foster communication between all the children despite special circumstances or different abilities
- Incorporated Bible studies into storytime and lessons to ensure the children received decent exposure to scripture
- Created outdoor activities to help children with their fine and gross motor skills while getting fresh air
- Worked alongside co-teachers to develop thoughtful curriculums and lesson plans for the current and future students

Project Experience

- Established the Rainbows Program: An afterschool program for young children dealing with family problems, such as loss or divorce.
- Worked With Get Set for School: Assisted young and impoverished children ages 4 to 12 with finding the proper school supplies they need and facilitated fundraisers to pay for their supplies.
- Created an Earthy-Friendly Curriculum Program: Developed a unique preschool curriculum that focuses on incorporating natural elements into each lesson plan to help children connect to the earth, understand climate change, and respect the planet. Offered this curriculum for free to several local schools.
