Profile

To obtain a professional firefighter position, utilizing many years of experience, leadership, and a commitment to training and development to provide exceptional fire suppression, rescue operations, and emergency medical services.

Experience

Senior Firefighter - Chicago Fire Department / Location
MONTH 2017 - Present

- Led a team of firefighters during emergency responses, ensuring effective coordination, communication, and adherence to safety protocols.
- Conducted thorough inspections of fire apparatus, equipment, and facilities to maintain operational readiness and compliance with regulations.
- Trained and mentored junior firefighters, providing guidance on firefighting techniques, safety procedures, and professional development.
- Participated in advanced rescue operations, including high-angle rope rescues, confined space rescues, and hazardous materials incidents.
- Collaborated with other emergency response agencies and departments to conduct joint training exercises and enhance interagency coordination.

Fire Investigator - Cuyahoga County Fire Investigation Unit / Location
MONTH 2013 – MONTH 2017

- Conducted detailed investigations to determine the origin and cause of fires, utilizing forensic techniques, interviews, and evidence collection.
- Prepared comprehensive investigation reports, documenting findings, evidence, and conclusions for legal and insurance purposes.
- Collaborated with law enforcement agencies and legal professionals in the preparation and presentation of fire-related cases in court.
- Provided expert testimony on fire investigations, presenting technical information clearly and concisely.
- Conducted fire prevention education programs and training sessions for businesses and the community to enhance fire safety awareness and prevent future incidents.

Project Experience

- **Firefighter training program enhancement:** Developed and executed an advanced training program for firefighters, focusing on specialized skills such as high-rise firefighting, hazardous materials response, and incident command.
- **Community fire safety outreach program:** Established a comprehensive fire safety outreach program targeting vulnerable populations, organizing educational workshops, conducting home safety inspections, and distributing smoke detectors to promote fire prevention and improve community resilience.
