TITLE

000-000-0000 / EMAIL / CITY, STATE, ZIP

Profile

Motivated UX designer with two years of UX design experience seeking to work with a company where I can use my skills, education, and expertise to fulfill clients' needs. I'm seeking a role in an innovative and creative company where I can collaborate on UX design to improve the user experience on various products.

Experience

Entry-Level UX Designer - Company / Location

MONTH YEAR - Present

- Conduct user testing on products to gather user experience data better to improve a product, software, or service.
- Create design specifications based on user experience.
- Design easy-to-use user interfaces that are cohesive to the brand and product.
- Create mockups, prototypes, and wireframes to run a variety of tests to better understand the design and how users will see it.

Part-Time Graphic Designer - Company / Location

MONTH YEAR – MONTH YEAR

- Utilize Canva, Adobe Creative Suite, and other platforms to create engaging graphics for websites, social media, and more.
- Collaborate with other graphic designers to best fulfill the client's needs.
- Keep up with trend changes in graphic design.
- Complete projects on time and correct anything the client requests.

Project Experience

- App Development: Created a mobile app for smartphone users to use to locate restaurants in their area that's easy to use and free to download.
