

NAME

TITLE

000-000-0000 / EMAIL / CITY, STATE, ZIP

Profile

A passionate volunteer EMT with nursing experience looking to put my skills to good use and give back to my community in an EMT capacity to educate people on minor care and safety in everyday life.

Experience

Emergency Room LPN - Company / Location

MONTH YEAR - *Present*

- Perform patient assessments to provide proper care before the physician shows up and continues care.
- Conduct accurate and efficient documentation and charting to ensure nothing is missed and that all care is provided at the highest quality.
- Assist providers with performing sutures and splinting injuries.
- Administer patient education on chronic illnesses, medication management, and more.

Part-Time EMT - Company / Location

MONTH YEAR – MONTH YEAR

- Provide basic emergency medical services to patients ranging from heart attack victims to broken bones and minor injuries.
- Collaborate with other EMTs to ensure we provide proper care most efficiently before arriving at the hospital.
- Assist with medication management so patients aren't in pain but get the medicine they need to stay stable until they arrive at the hospital.
- Organize and stock the ambulance with all medications and equipment necessary to provide high-quality emergency medical care to patients.

Project Experience

- **Volunteer at the hospital:** Volunteer at the local hospital by passing out meals to patients, listening to their stories, and providing companionship to them while assisting nurses and hospital staff with non-medical tasks.
