000-000-0000 / EMAIL / CITY, STATE, ZIP

Profile

I'm a creative website designer seeking a position where I can utilize my design and branding skills. I am seeking a position where I can grow with clients and a company to expand my portfolio and produce innovative, user-friendly, and beautiful websites for a variety of industries.

Experience

Junior Website Designer - Company / Location

MONTH YEAR - Present

- Collaborate with a team of designers to create websites that fit the needs of each client.
- Design website pages for clients in healthcare, food and beverage, and other industries that will provide visitors with all the information they need.
- Implement new website design trends as they become available.
- Assist in holding website design training for new website designers.

Freelance Website Designer - Company / Location

MONTH YEAR – MONTH YEAR

- Organize a portfolio of website designs to use on freelancing websites to showcase my abilities to prospective clients.
- Use WordPress, Wix, and similar website builders to create simple, effective, yet innovative websites for various clients in different industries.
- Manage time wisely by prioritizing website jobs in order of importance and due date.
- Use coding skills to create more intricate website designs as necessary.

Project Experience

- Create Website for a Local Restaurant: Helped a local restaurant bring their business into the 21st century by creating a beautiful, easy-to-use, and effective website to bring in more business.
