Profile

To utilize my passion and expertise in wedding photography to capture timeless and unforgettable moments for couples on their special day. Seeking a challenging and creative role that allows me to showcase my artistic skills and attention to detail, while delivering exceptional service and building strong relationships with clients.

Experience

Freelance Photographer - Company / Location

MONTH YEAR - Present

- Find and connect with potential clients to discuss and pitch photography services.
- Schedule a consultation and the event, communicating with the client about the shots they want to take.
- Use natural lighting and professional lighting as necessary to capture posed and candid photos throughout the event.
- Edit images after the event using professional editing software, sending images to the client for final approval.
- Send invoice to the client upon rendering of services, minus any deposits made earlier.

Senior Portrait Photographer - Company / Location

MONTH YEAR – MONTH YEAR

- Schedule clients based on the day and time that works best for all parties.
- Head to the photoshoot location early to scout the best backdrop and set up the tripod, camera, and any lighting.
- Make the client feel at ease during the photo shoot, talking or not talking, depending on the client's preference.
- Work with any desired props the client wants in some or all of their portrait shots.
- Edit photos after the photo shoot and send them to the client for final approval.

Project Experience

- Set up a photoshoot at a local part for newly engaged couples looking for pictures on a budget.
- Helped a local art gallery improve its interior lighting to make it a more popular venue for photoshoots.
- Edited wedding photos taken by other photographers to learn the style that couples want.
